Amelia Maps New Start On World Flight

Route May Be Changed Due To Weather, Flier Avers

SAN PEDRO (UP)—Amelia Earhart, America's queen of the air, announced upon landing here today from Honolulu that she likely will choose another route for her next attempt at a world flight, which was interrupted when her flying laboratory cracked up while taking off from Pearl Harbor last week.

"I may have to change my entire plans for the route I shall follow," the woman flier said. "I had worked out my plans on the basis that I would make the flight this month, and a delay of another month may result in world climatic conditions that will compel the choice of another itinerary."

She was positive, however, that she would not attempt to fly the Siberian northern air trail, which, heretofore, (Continued on page 3)

20 KILLED IN WRECK OF BUS

Auto Stage Overturns And Burns As Tire Blows Out

SALEM, Ill. (UP)—Fatalities in the overturning and burning of a bus near here reached 20 today with the death of Mrs. Emily Thomas, 19, wife of Richard Thomas, driver of the ill-fated machine.

The dead included eight women and one four-year-old girl. Three others were in the community hospital here, seriously injured.

Among the injured was Richard Thomas, driver of the bus who can tell why the machine nosed into a roadside ditch three miles west of here yesterday afternoon, careened into a concrete abutment, turned over and burst into flames.

Doctors said Thomas and Don Flannery, another of the injured, probably would recover.

Preliminary investigation showed a front tire blew out as the bus roared along the highway at 40 miles an hour. The victims were members of Roller Derby, Inc., an organization which stages roller skating marathons throughout the country. Some were contestants, others concession workers.

That the road would be cleared of snow to Tamarack Flat by April 1 was assured the club some weeks ago by state officials.

STRIKERS WILL VACATE PLANTS

Way Clear For Parley Between Chrysler And Lewis

DETROIT (UP)—Sit-down strikers in nine Chrysler plants completed their ratification of a truce agreement and voted to abandon the plants at 12:35 p. m. Evacuation was to begin immediately, as soon as runners could carry official notification to all the plants. This was the agreement that Martin and Richard Frankenstein, organization director of the U.A.W. laid before the sit-downers who have held the plants for more than a fortnight.

1—Lewis agreed to ask the sit-downers to evacuate the nine Chrysler plants in Detroit immediately.

2—Chrysler promised he would not attempt to resume production of automobiles or to remove tools and machinery from the plants during subsequent negotiations.

3—Both parties agreed to resume their conference on wages, hours, working conditions and collective bargaining at 10 a. m. today, provided the plants were empty of strikers by then.

Europe Split Into 2 Camps On Spain War

British, Russians And French Against Fascists

By LOUIS F. KEEMLE
United Press Staff Correspondent
The re-armed nations of Europe, equipped for conflict if somebody starts one, divided into two hostile camps today over the Spanish civil war.

Democratic Britain and France, allied with Communist Russia, appeared determined to prevent Mussolini from winning the war for the Spanish rebels and creating a Fascist state in Spain. Italy and Germany resisted efforts to block their under-cover intervention.

The crux of the matter lay in Mussolini's prestige. He has not openly committed himself to ensuring victory for the insurgent Francisco Franco, but no nation in Europe believes anything to the contrary.

Therefore, if Franco loses, fingers will be pointed at Mussolini for start. (Continued on page 4)

H.S. GRANTED 2-DAY RECESS

Smith Flat, Buckeye, Placerville Mark Easter Time

A two-day recess for high school pupils and for pupils of the Smith Flat school, a week's vacation for Placerville grammar school and the Buckeye school at Shingle Springs marked the school observance of the Easter vacation.

Despite rather severe storms the fore part of the week, the only schools known to have lost time as a result of the storms were the Cold Springs school and Diamond Springs school, which lost Monday owing to the storm. The high school closed classes Wednesday afternoon for the two-day Easter vacation, as did the school at Smith Flat.

Superintendent E. J. Fitzgerald, issuing the above summary Thursday morning, added that there has been a change in teachers in the Tennessee school district, with Mrs. Lenora Bartlett appointed to fill the vacancy created by the resignation of Mrs. Amy Pacina.

PREMIUM LIST FOR MINING IS BOOSTED \$500

SACRAMENTO—The part mining played in early development of California and rapid strides of the industry in the last few years are among reasons for plans of the California state fair to give increased emphasis to mining in 1937.

Directors of California's 83-year-old exposition have set aside "Mining Day" at the September show and have jumped total premiums by \$500, mostly for placer and lode gold specimen and sweepstakes.

John M. Perry, San Francisco, fair director in charge of the mining department, declared:

"The great part mining plays in California entitles it to a prominent place at the state fair. I have no doubt but that our plans for a mineral exhibition will attract virtually all the mining counties."

Getting Off That Pedestal

PARADE OF SPORTS

By HENRY McEMORE
(United Press Staff Writer)

NEW YORK (UP)—One word description of the Tilden-Perry tennis match in Madison Square Garden: Slaughter!

Two word description of same match: More slaughter!

Summary of same match: Perry beat hell out of Bill!

Question: How did Bill manage to win that third set, 6-4?

Answer: McEmore, ol' pal, you got me there. I don't believe I'll ever know the answer to that one, even if I live to be 100, and have more rings than a redwood tree. And I wasn't the only one bewildered by the sudden switch in fortunes in the middle of the third set. Even little children, with eyes far less discerning than mine, questioned their parents as to what happened.

Sitting near me was a brown-eyed youngster no higher than a half-volley, and when Tilden made it 6-4 he turned to his right and paternal side and said "Daddy, isn't that funny."

"Yes, Luther," the father replied, "it certainly is."

Luther, I don't know you from Adam's housecat, but I want to tell you that you have a truthful father. That third set certainly was funny. And it was made funnier by the fact that Perry, playing brilliantly, had swept the first two sets with the loss of but four games. Tilden, with only his mannerisms to remind the big crowd that he was the same Tilden who once ruled all the courts of the earth, was helpless in the face of Perry's relentless attack.

The Briton started the third set with just as ruthless tennis, and before

you could wash your ears, Luther, had a lead of 4-2. People were pouring through the exits, believing it was a matter of minutes until Perry would finish it. They not only wanted to beat the rest of the folk to the taxis, Luther, they wanted to miss the unhappy finish of a once mighty performer. It wasn't much fun to look at, was it Luther? I mean Big Bill, the one and only Big Bill, being made ridiculous by a boy he once could have spotted a set.

Then, in the twinkling of an eye, the swish of a forehand, Perry seemed to forget all the tennis he ever knew. He played like a novice. Played so much

like a novice, in fact, that Tilden, without hitting the ball one bit better than he had earlier in the match, ran off four games for the set.

I wonder what ailed Perry, Luther? Must have been something very serious, because it paralyzed him all over, and so very quickly. Yes, it couldn't have been to SERIOUS, because he recovered completely during the ten minute rest period, and came dashing out for the fourth set to win it 6-0. I've seen many athletic events, Luther, but never before have I seen an athlete go from the superb to the ridiculous and back to the superb in such short notice. That coach of his must have given him a stirring talk in the dressing room or a shot of something more powerful than anything I have ever consumed, Luther, and that takes in a lot of powerful things.

Maybe their match in Chicago won't be so lopsided, Luther. Perry won't be as good as he was last night, because he was perfect then, and perfection doesn't come every day in the week. And Tilden certainly won't be any worse. His backhand was so bad he would have done better to leave it at home and bring a waste paper basket. At least he could have sat down on the basket between games. Don't you think so, Luther?

Luther! Luther! Why you're gone, you little scamp, you!

FLOOD HAZARD HITS VALLEYS

(Continued from page 1)

Inundated and loss of livestock feared as the waters rise any higher. Water in the Melones reservoir near Modesto was within less than six inches of its top and it was feared that the Stanislaus River would reach the flood stage if rains continued or snows in the Sierra mountains melted and add their volume to the drainage.

More than 100 families in the San Jose area were forced to flee from their homes as a result of high water and some of the streets in San Jose still were under water today.

Bear Creek, near Watsonville, swept over its banks to flood more than 500 acres and force one farm family to evacuate, while the Pajaro River in the same district was rising rapidly.

Cold rains turned to snow in the Santa Cruz mountains and there was a white covering at the higher elevations for the first time in March in years. The weather bureau gave little hope of immediate relief and storm warnings continued to fly along the California coast.

CAMINO NEWS

The last shipment of merchandise received by our merchant, Jack Barkley, was shipped in wooden boxes.

Among people in Sacramento on Thursday were Mr. and Mrs. William Datz and Mrs. Joe Ennis.

The card party which was to take place Thursday, March 25 at the schoolhouse, has been postponed owing to bad weather. Through some error, announcement last week gave the date as April 25 when March 25 was correct.

Nothing lost now, though, with the event postponed.

Postmaster George Hull and son motored to Marysville, Sunday. Thelma Penney returned with them to spend the Easter vacation with the Hull family.

W. I. Dean returned from the east last week with his new Dodge car.

Mr. and Mrs. George Volz and children were callers from Placerville on Wednesday at the home of the latter's mother, Mrs. Frank Danaher.

Del Thomas, while at work Wednesday, had the misfortune to cut the palm of his hand. The wound required three stitches to close.

We were without lights for a few days. They went out about nine o'clock Sunday night and came back on Tuesday afternoon about four o'clock.

Mrs. John Gardella was hostess at the bridge club, Thursday at her home on Camino Heights. Mrs. Williams carried off first honors and Mrs. Lamm second, while the consolation prize was awarded to Mrs. Allen.

Mrs. Frank Willett and Mrs. Al De Bernardi motored to Sacramento, Wednesday.

Wm. Latimer, Jr., who is attending Junior College in Sacramento, is spending his Easter vacation with his mother in Camino.

Use wooden boxes.

"TWIN" DRIVERS

KANSAS CITY, Mo. (P)—Two men with the same name—William Hale—both truck drivers who were arrested at the same intersection at different times Sunday on the same charge of speeding, told Police Judge Thomas V. Holland today they were both going to a garage for repairs. Each was fined \$5.

YOUNGEST — Supreme Court Justice Benjamin N. Cardozo, youngest in point of service on the bench, who recently began his sixth year of service. He readily posed, as above, at the apartment house where he and Justice Van Devanter live. Justice Van Devanter objected because cameramen failed to obtain permission.

CATHOLIC CHURCH

HOLY WEEK AND EASTER SERVICES

The week preceding Easter Sunday is called Holy Week because it commemorates the sacred events of the closing days of the life of Jesus Christ.

On Thursday evening of that week as He sat at a table with His apostles for the last time before His death, He instituted the Sacrament of the Holy Eucharist and with His own divine hands gave to them the Holy Communion, commanding them to do what He had just done:

"Do this in commemoration of me."

The next day—Good Friday—bearing His cross, He went out from Pilate's judgment hall to Calvary and gave Himself up to crucifixion and death for the salvation of the human race. In the dawn of Easter Sunday morning, He conquered death by rising triumphant from the grave.

"Ye seek Jesus of Nazareth who was crucified. He is risen. He is not here. Behold the place where they laid Him." (St. Mark's gospel).

From noon until three o'clock on Good Friday there will be services commemorating the three hours during which Christ, the Son of God, hung on the cross.

Mass on Saturday morning at 8 o'clock.

On Easter Sunday there will be mass at 8 and at 10:30. The latter will be a high mass during which the choir will render Wilson's "Miss Sanctissima Noctis." The offertory will be "Regina Caeli." The sanctuary decorations will be lilacs and carnations.

The Reverend Henry Walsh, S. J., will be here from Santa Clara University and will preach Good Friday and Easter Sunday. Everyone is cordially invited to come.

has been the favorite with other world flyers.

As nearly as possible, she declared, she would follow the route around the equator. Miss Earhart's plane is being shipped back to Burbank for complete repairs and overhaul and she indicated that she was awaiting only completion of the job to be off again on her great adventure.

"King Of Kings" To Be Shown At Church

The showing of Cecil B. DeMille's "The King of Kings" will take place at the Federated church of Placerville on Sunday, April 4th at 7:30 p. m.

This wonderful filmization of the life of Christ enlisted the energies of the DeMille organization for a year. It included the acting of hundreds of fine players and the construction of tremendous sets of Bible scenes such as has never before been attempted.

For the first time a picture producer has re-created the Temple at Jerusalem, the Palace of Herod and many other historical locales of the Gospel story. As an example of the physical elaborateness of the picture, it is worthy of mention that 10,000 objects or properties pertaining to the primitive Christian era were made for and used in the picture.

Jeanie Macpherson with her adaptation and Mr. DeMille with his directing genius are said by all the reviewers to have made the history live and to have surpassed in tenderness, humanity and gripping dramatic power any previous handling of the great theme. The cast is said to be one of the most imposing ever seen in a picture production.

ST. EDMUND CROWNED — This 12th century manuscript is almost like a caricature of the coronation of St. Edmund (841-870). A bishop or archbishop places the crown on the King's head, while a similar prelate hands the King the scepter. The crown seems to be a closed helmet.

OVER-SIZE EGG

COALVILLE, Ut. (P)—All Guy Hrone had to remember his very unusual hen by today was an egg—but what an egg! The hen, in the supreme effort of her life, laid a product 8½ inches in circumference. Then, the job well done, she died.

PUPILS FIND GOLD

SALT LAKE CITY (P)—A geology class under Frank Gunnell learned fast while gold prospecting near Mercer, Utah. The class discovered ore promising to be as rich as the \$2,000,000 hidden treasure mine, 10 miles away.

Jane Wyatt says:
"Luckies are a light smoke my throat approves
and my taste prefers"

"I first chose Luckies about five years ago because I had noticed that other actors and actresses seemed to prefer them. I enjoyed Luckies so much I've smoked them ever since. In the new picture, 'Lost Horizon', in which I was Ronald Colman's leading lady, the film ran 36,000 feet—almost 7 miles—before it was cut down. That gives you some idea how much work it was and what a strain it put on my throat. Luckies, I feel, are the obvious cigarette for an actress. They are a light smoke that my throat approves and my taste prefers."

THE FINEST TOBACCOS—
"THE CREAM OF THE CROP"

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, more than 87% stated they personally prefer a light smoke.

Miss Wyatt verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen and opera. Their voices are their fortunes. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on the throat.

ing something he couldn't finish. The recent reverses of the Italian forces on the Guadalajara front have caused an ill-concealed burst of derision and an "I told you so" attitude, especially in France.

It therefore may be necessary for Mussolini to send more troops to bolster the insurgents, in violation of the existing non-intervention agreement. France and Britain are trying desperately to avert the crisis which such action by Italy would precipitate.

The French Foreign Minister, Yvon

Delbos, made an implied threat that France might do a little intervening herself if Italy persists. Britain is backing France, although any physical British intervention is an incredible possibility.

Britain nevertheless is deeply concerned. At the southern tip of Spain lies Gibraltar, the British fortress guarding the pillars of Hercules and the entrance to the Mediterranean. Britain's "All Red" route to the Orient.

But Gibraltar is not impregnable from the land side if an unfriendly regime is established in Spain. Italy now has dug in at the eastern end of the Mediterranean, with the conquest of Ethiopia at the lower end of the Red Sea and the strengthening of her Lib-

RED & WHITE HELPS UNITE TWO GREAT NATIONS

Brotherhood of Grocers Spread Throughout Canada and U.S.A.

Toronto, Can., March, 1937. (Special). The following telegram has been sent to thousands of Red & White grocers in the United States celebrating their 16th birthday this week.

It reads:
Dear Red & Whites: Congratulations on your sixteenth birthday! Stop. The wonderful progress which you have made is ever a source of inspiration to us. Stop. Keep up the good work and soon the destiny of the small business owner will no longer be questioned. We wish you many times sixteen more. (Signed) Canadian Red & White Grocers.

In many ways, Canadian Red & White members have outstripped competitors in the United States, although only the finest spirit of friendly rivalry and cooperation exists.

Specific figures indicate a great consumer acceptance of Red & White brands in Canada. During the first nine months of the present year, according to records kept by the National Grocers Limited in Ontario, Can., 73% of the total sales of all brands sold in the stores serviced by this company were Red & White.

The following list of a few selected items shows (the average percentage of total sales) and (second column) the number of brands including Red & White carried in stock.

| Item | Per cent Brands |
|-------------------|-----------------|
| Coffee | 62% 5 |
| Tea | 42% 6 |
| Canned Vegetables | 86% 3 |
| Canned Fruits | 72% 3 |
| Canned Soup | 61% 3 |
| Prepared Mustard | 39% 3 |
| Toilet paper | 77% 3 |

According to retailers interviewed, they never resort to or force substitution.

"Sales of our own brands are increasing weekly," one retailer told National News. "At first we stocked only a few lines, but we have gradually added until now we carry practically all lines, packed under the Red & White label. At the present time there are about 80 lines packed under the Red & White label in Canada."
